1. Place your **Triangle** on a wall or desk.
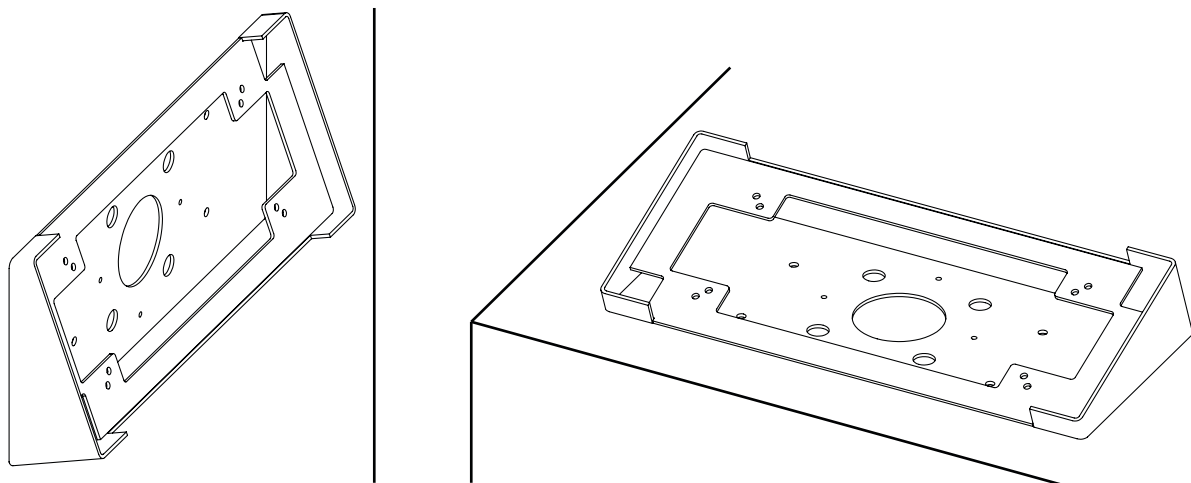

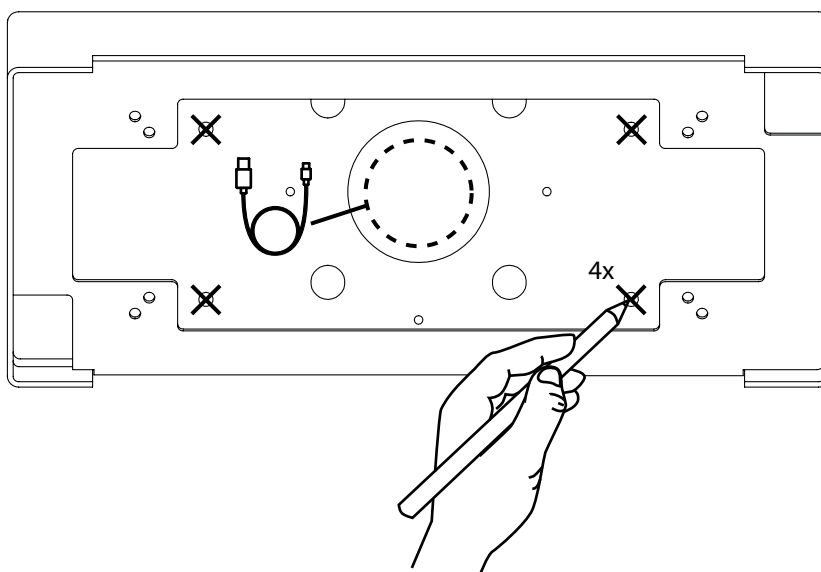

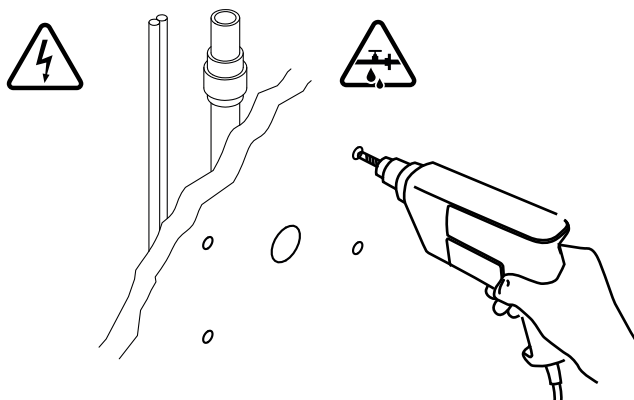

2. Mark holes for mounting and inwall charging cable.
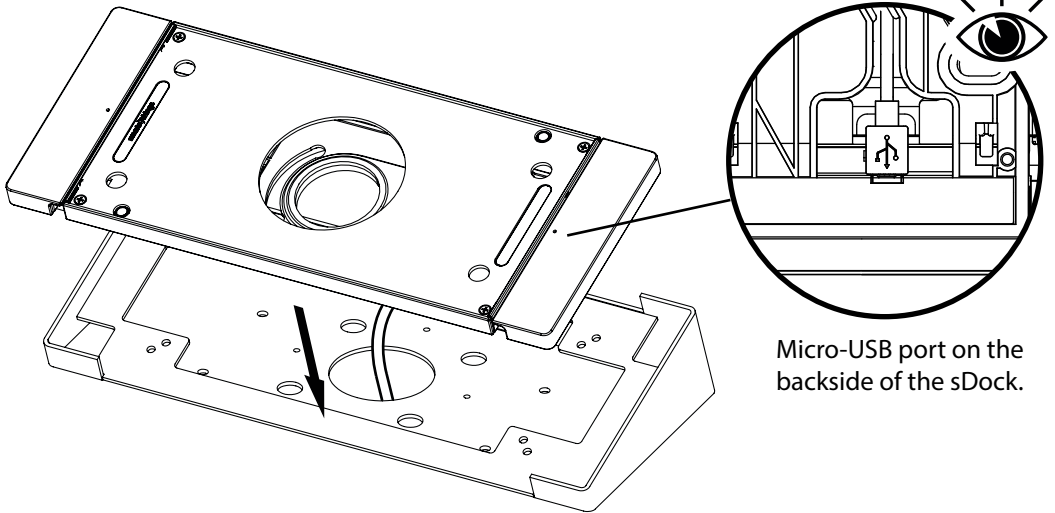

4x

**3.** Be careful with inwall electric cables and water pipes before drilling!
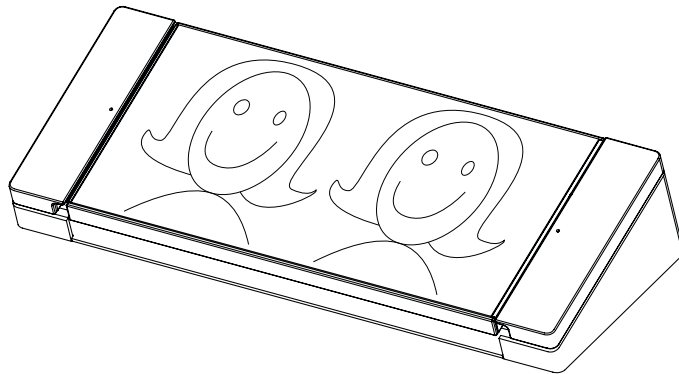

4. Screw the **Triangle** on your wall or desk.

5. After removing acrylic glass and photo from the sDock,
connect it with the Micro-USB charging cable and place it over **Triangle**.

Micro-USB port on the
backside of the sDock.

6. Use included screws to fasten the sDock on your **Triangle** by
pressing down the frame.

7. Insert your photo and acrylic glass.

8. Ready!
